SCHOOL OF COMPUTER SCIENCE ENGINEERING AND APPLICATIONS
BHARATHIDASAN UNIVERSITY, TIRUCHIRAPPALLI-620023

CIRCULAR

Date: March 3, 2026

Subject: Final Project Review & Submission Guidelines

All final-year students are hereby notified that the Final Project Review Meeting will be held on March 26 & 27, 2026. Students must present a complete runnable project and submit a hard copy of the documentation following the formats below.

PROJECT DOCUMENTATION FORMAT

Students should follow the structure relevant to their project type:

A. Hardware-Based Projects

1. Acknowledgement & Certificate.
2. Abstract: Brief description of the project.
3. Introduction: Existing Work (5 Research Papers from 2024-2026) and Proposed Work.
4. Environment Specification:
    - Hardware: Description of components used.
    - Software: Description of software used.
5. Program Design: Feasibility Study, Detailed Working, and Photos of working components.
6. Conclusion & Future Work
7. References: Including the 5 papers from Section 2.
8. Appendix: Source Code.

B. Software-Based Projects

1. Acknowledgement & Certificate.
2. Abstract: Brief description of the project.
3. About the Project: Existing and Proposed systems.
4. Data Dictionary: Tables, Records, and File details (if applicable).
5. Logical Development: DFDs, Class Diagrams, or equivalents.
6. Program Design: Logic and working of various modules.
7. Testing: Testing methods applied with supporting screenshots.
8. Conclusion & References
9. Appendix: Source Code and Output Screenshots.

Important Notes:

- Completeness: The project must be fully functional for the demonstration.
- Flexibility: If a specific chapter is not applicable to your project, you may skip it.
- Attendance: Participation in this review is mandatory for final evaluation.
